Summer Camp 2023

We are very excited to be once again offering our summer camp in collaboration with the Darien Nature Center. Our nature and science-based program consists of three two-week sessions. There will be outdoor explorations, nature discoveries, animal encounters, water play, science experiments as well as intriguing art activities. In addition, the Threes/Fours get to spend one day per session exploring the woods at Montgomery Pinetum Park!

NEW this year is a six-week camp option for Twos. Along with the same high-quality student/teacher ratio for our youngest students, this camp is sure to keep your children engaged and excited!
